# National Day of Racial Healing

“Just Us Narratives: A Night of Centering Multiracial Voices Across the ELCA”

*Use the backside of this worksheet to draw images that capture your curiosity as you listen to musical interludes.*

## **Stories of Culture**

How are the stories shared here similar or different from the stories in your family or culture of origin?

What epiphany (“aha moments”) did you experience as you sat with aspects of other cultures in the stories?

Draw an image or color that expresses how you feel after hearing these stories.

## **Stories of Truth Telling**

What truth that you have long known did you hear echoed in the stories?

What new truth did you hear? How does this new truth land in your body?

What would you like to know more about? Is there a call to action for you?

### **Stories of Resilience, Hope and Faith**

Where was God revealed to you in the stories? What gives you hope?

How do these stories reorient your perception of others on the stage and in your life? What new questions might you be asking as you build relationships with others?

If resilience is a muscle, what did you hear that strengthened or tested that muscle? How might you build your own “workout” plan for your resilience muscle?
